

Instagate Expanding Pedestrian Barrier System

Our 4ft high instagate barrier can be used to extend to various lengths quickly and with ease for crowd control purposes. Suitable for both internal and external use to buildings and can be increased in length by additional units. Each unit is 2.1 metres in length when fully open.

Standard equipment & features

- Deploys in seconds to cordon off restricted areas
- Easy to move and expand singlehandedly
- Robust braked wheels allow for easy movement and placement
- Unique latching system secures the barrier in a closed position when not in use, and can be used to extend to any length using additional modules
- Highly visible red and white markings are powder-coated and weatherproof
- Made from lightweight, ultra-strong aluminium
- Ideal for indoor and outdoor use in a wide range of situations
- Can be fitted with standard scaffold clamps to scaffolding or turn covers
