EVERYDAY DOMESTIC & COMMERCIAL USE

The skyVac® Industrial 85 is a hardcore system that's had years of development. Uniquely engineered for fast and effective gutter cleaning.

Featuring 3 industrial-strength 1,100 Watt motors for 3,300 Watt of power, the skyVac® Industrial 85 combines high airflow, at 12,000 litres per minute, with exceptional water lift. The unique patented "POWERMIX" system reconfigures the power supply from parallel to series, giving the user an increased water lift of up to 145 inches as and when required, which is 50% higher than standard 3 motor 3,300 Watt machines.

The vacuum head has been designed to take up minimal drum space, allowing for 60 litres of gutter debris capacity. The filter is protected by a curved steel deflector plate, which lines up with the cyclonic vac entry port, and helps guide debris around the drum.

Easy to empty, thanks to an evenly balanced tipping chassis with locking castors. Simply unclip and remove the motor head, placing it safely upright on the ground, thanks to the steel foot on the filter protector plate, and tip out drum contents.

The Industrial 85 now comes as standard with a drain hose and sieve basket, for a more flexible and user-friendly approach to gutter waste disposal. These additions "separate" the gutter contents into liquid and organic matter, making emptying waste much easier.

IDEAL FOR:

- Gutter cleaning (up to 4 storeys high)
- For gutter cleaning both commercial and domestic premises
- From top up cleans to stubborn gutter blockages
- Easy debris removal

skyVac[®] INDUSTRIAL 85 *Supercharged*

Machine Specification

Motor Wattage:	3300 Watt (3 x 1100 Motors)
Water Lift:	145"
Air Flow Movement:	12,000 LPM
Cyclonic Entry Port:	50mm
Container:	78 Litre/ 60 Litre (debris)
Weight:	36kg
Decibel Level:	72 dB (110v) / 76 dB (240v)
Mains Connection:	240V @ 13amp / 110V @ 32amp
Dimensions (cm):	60(l) x 64(w) x 114(h)

Included As Standard

7.5M 50mm Wire Reinforced Hose

Hose Cuffs

Hose Bag

ELITE End Tools & 135° Hairpin Neck

Carry Bag

Wet & Dry Industrial Gutter Vacuum

Optional Add Ons...

skyVac[®] 3600 Watt Inverter

skyVac[®] Recordable Camera

Packages (Available with 4, 6 or 8 poles)

ELITE 50mm Clamped 4 pole package

ELITE Vac Release Pole

- 4 POLES - reach 6m/20ft
- 6 POLES - reach 9m/30ft
- 8 POLES - reach 12m/40ft
